

BOLTON PUBLIC SCHOOLS

April 22, 2020

Dear Parents and Staff,

Yesterday I shared a reminder with you about our **Artwork from My House to Our Town** project. I have received a number of requests wondering if staff and parents/family members can also participate.

Staff and parents/family members are absolutely invited to create a work of art to share with our community to lift our collective spirits during this difficult time! I have extended the deadline to Friday, May 1st. Once a student, staff member, or parent/family member has completed his/her piece of art, please take a photo of the artwork using a smartphone camera and upload the picture to this link at <http://addvideo.link/BoltonArt>. When you get into the link you will now see separate upload buttons for student art, parent art, and teacher art. Family members can post under parent art. Please be sure to upload your art to the correct upload button. As I have shared previously, the plan is to create a virtual art show video set to music to share with the community.

I am looking forward to seeing all the great positive pieces of artwork!

Stay safe and be well,

Kristin B. Heckt
